30 YEARS

OF POWERING YOUR FUTURE

For 30 years, Ecopac Power has been a trusted partner in power conversion, connectivity and electronic component solutions.

We combine technical expertise, leading manufacturers and a customer-first approach to keep your ideas, products and applications moving forward.

AC-DC & DC-DC POWER SUPPLIES

Enclosed Power Supplies

15 W–30,000 W | Low- to high-voltage outputs

Open Frame Power Supplies

5 W–800 W | Single to quad outputs

DIN Rail Power Supplies

10 W–960 W | 5 / 12 / 15 / 24 / 48 V

External / Desktop / Plugtop

5 W–280 W | External AC-DC formats

Medical Grade Power Supplies

Enclosed, open-frame and external formats

DC-DC Power Supplies

1 W–1,000 W | 3.3–48 V output families

SPECIALIST POWER PLATFORMS

Three-Phase Power

High-power AC-DC / DIN rail; selected 340–550 VAC

Modular & Configurable Power

Multi-output configurable platforms

19-inch Rack Power Systems

Rack-integrated AC-DC / DC power platforms

Chargers, UPS & Inverters

Battery charging, DC-UPS and DC-AC conversion

High-Voltage Power Solutions

Specialist high-voltage AC-DC / DC-DC platforms

Batteries / Custom batteries

Industrial battery solutions

LED DRIVERS & LIGHTING CONTROL

Constant Voltage LED Drivers

8 W–600 W | Commonly 12 / 24 / 48 VDC

Constant Current LED Drivers

4 W–1,000 W

DALI / DALI-2

Digital addressable lighting control

Digital Illumination Interface Alliance

TRIAC Dimmable

Leading-edge and/or trailing-edge families

0–10 V / 1–10 V

Analogue dimming control

KNX LED Drivers

Integrated KNX control

Emergency Lighting

Standard / Dali / Autotest

DC-DC LED Drivers

DC-input constant-current LED conversion

LED DRIVERS & LIGHTING CONTROL

Matter LED Drivers

25 W–240 W

Wirless LED Drivers

MasterConnect Wireless Controls

LED Controllers/Interfaces

High/Low Bay LED Drivers

Led Dimmers

EasyAir Switches

EasyAir Sensors

APPLICATIONS & ENGINEERING SUPPORT

POWERING YOUR FUTURE

ABOUT US & CONTACT

Powering Your Future

Established in 1995, Ecopac Power is a trusted UK specialist in power supplies, LED drivers and power conversion solutions. With over 30 years of industry experience, we combine expert technical knowledge with an extensive product portfolio to deliver reliable, high-quality solutions tailored to our customers' needs. Our value-added services, including product modifications and bespoke designs, enable us to provide flexible, innovative solutions for a wide range of applications.

PART OF THE TTI FAMILY OF SPECIALISTS

Since becoming part of TTI, Inc. in 2022, Ecopac Power has continued to deliver the specialist technical expertise, tailored solutions and personal service our customers value, now backed by the global strength, extensive resources and industry-leading capabilities of a world-leading electronic distributor.
